3. Appointing Appraisers
4. The Appraisal Meeting
5. Setting Objectives
6. Reviewing Performance
7. Development and Support
8. Retention of Documents
9. Monitoring and Evaluation
10. Policy Review

1. Purpose and Application

- 1.1 The Priory Learning Trust (Trust) needs all staff to perform effectively in order to deliver the aims and vision of the Trust. To achieve this, the Trust aims to ensure that effective recruitment is undertaken, performance expectations and standards are defined through an appraisal framework, performance is monitored and that employees are given appropriate feedback, support and training.
- 1.2 This policy sets out the framework for a clear and consistent appraisal of the overall performance of staff, and for supporting their development within the context of each school's plan for improving educational provision and performance, and the standards expected.
- 1.3 It is the Trust's aim that the appraisal process will be both developmental and supportive, designed to ensure that staff are able to continue to improve their professional practice. An appraisal will set objectives and provide support so staff have the skills they need to carry out their role effectively and with reference to the appropriate standards, Academy improvement plans and align with the Trust's strategy. Appraisal is only one element of the performance management of an individual member of staff. The appraisal process should be seen in this context.
- 1.4 Information about the arrangements that will apply when it is believed that a staff member's performance falls below the standards that the Trust can reasonably expect of them are contained in the Trust's Capability Procedure.
- 1.5 This policy and the procedures contained within it apply to all of the teaching and support staff at a school, save for those who are employed by TPLT on a contract for less than 12 months, supply staff, those engaged under a contract for services and those undergoing induction (Newly qualified teachers). In the case of staff who are employed on a fixed term contract of less than 12 months, in the event that their contract is extended beyond 12 months or is at any time made permanent, the Trust will, within a reasonable period, complete an appraisal in accordance with the terms of this policy.

2. The Appraisal Cycle

- 2.1 The appraisal cycle will run for twelve months from September to August in the following year.
- 2.2 Each member of staff will be required to attend an Appraisal Meeting and an Interim Review Meeting. Appraisal Meetings will be held between September and October each year and Interim Review Meetings will be held between February and March each year.
- 2.3 Staff will receive their Appraisal Report as soon as is practicable following their Appraisal Meeting and will have the opportunity to comment on this at the meeting. Staff will receive their written appraisal reports by 31st October, wherever possible (30th November for the Principal/Headteacher).

2.4 The Appraisal Report will include:

- An assessment of the appraisee's overall performance of their role and responsibilities;
- An assessment of their achievement of their previously agreed objectives;
- An assessment of their training and development needs and identification of any action that should be taken to address them;
- Details of their agreed future objectives and targets;
- Details of any concerns which have been raised about the appraisee's performance and the steps that have been agreed to address these;
- For Teaching Staff a recommendation to the Principal/Headteacher and Pay Committee or Executive Principal, as appropriate, in respect of the appraisee's pay

2.5 Staff will receive their Interim Review Report within 6 weeks of their Interim Review Meeting and will have the opportunity to comment in writing on the contents of this.

2.6 The Interim Review Report will include:

- An assessment of the appraisee's progress towards their objectives;
- Details of any agreed amendments or adjustments to their objectives;
- Details of any training or development needs the appraisee has and identification of any action that should be taken to address them;
- Details of any performance assessment which has been undertaken since the Appraisal Meeting and the outcome of such assessment.

3. Appointing Appraisers

- 3.1 The Executive Principal will be appraised by a panel of three Trustees delegated by the Resources Committee.
- 3.2 The Executive Team will be appraised by the Executive Principal or a nominated representative.
- 3.3 The Principal/Headteacher of each school will be appraised by the Executive Principal and Academy Council.
- 3.4 The Principal/Headteacher will decide who will appraise all Academy Teaching and Learning staff.
- 3.5 The Chief Operations Officer will decide who will appraise all Academy Business staff.

4. The Appraisal Meeting

- 4.1 The Appraiser will contact the Appraisee to advise them of the date, time and location of their appraisal meeting. So far as is reasonably possible, the Appraisee will be given five days' notice of the Appraisal Meeting.
- 4.2 The appraisal meeting should take place during the Appraisee's normal working time.
- 4.3 The Appraisee shall complete an **Appraisal Self Assessment Form** in advance of the Appraisal Meeting and shall provide this to their Appraiser in advance of the Appraisal Meeting.
- 4.4 The Appraisal Meeting will allow an opportunity for both the Appraisee, and the Appraiser to reflect, discuss and comment on the previous year's achievements. It will praise achievement and encourage the Appraisee in his/her role.
- 4.5 The Appraiser is accountable for giving the Appraisee constructive, timely and honest appraisals of their performance, which should take into account both the Trust or Academies goals and those of the individual.
- 4.6 The discussion should be a positive dialogue, and will focus on assisting the Appraisee to acquire the relevant knowledge, skills and competencies to perform his/her current role to the best of his/her abilities.

5. Setting Objectives

- 5.1 The objectives set for each Appraisee will be Specific, Measurable, Achievable, Realistic and Time-bound and will be appropriate to their role and level of experience and will reflect priorities for the appraisee during the appraisal cycle. The number of objectives set should be reasonable. The Appraiser and Appraisee will seek to agree the objectives but, if that is not possible, the Appraiser will determine the objectives.
- 5.2 The objectives set for every member of staff will, if achieved, contribute to the Trust's and Academy plans for improving the educational provision and performance and improving the education of pupils. For support staff objectives may also specifically relate to the effective deployment and use of resources, administration and organisation.
- 5.3 Whole Trust, Academy or team objectives should reflect published improvement priorities or the strategic development plan.
- 5.4 The performance of all teachers should be assessed against the set of standards contained in the document called "Teachers' Standards" and relate to the quality of teaching. In order to meet the Teachers' Standards a teacher will need to demonstrate that their practice is consistent with the definitions set out in Part 1 'Teaching' and Part 2 'Personal and Professional Conduct'. The Principal or Academy Council (as appropriate) will need to consider whether certain teachers should also be assessed against other sets of standards, including those published by the Secretary of State, that are relevant to them.

- 5.5 Teaching staff who are, at the time of the Appraisal Meeting, on the Upper Pay Scale will specifically be set objectives consistent with the Upper Pay Scale Criteria and will have their performance assessed accordingly.
- 5.6 Teaching staff who are in receipt of a permanent TLR (Teaching & Learning Responsibility) payment will specifically be set objectives consistent with the appropriate TLR criteria and will have their performance assessed accordingly.
- 5.7 Though appraisal is an assessment of overall performance, objectives cannot cover the full range of roles/responsibilities. Objectives will, therefore, focus on the priorities for an appraisee during the appraisal cycle.
- 5.8 The Appraiser will, in their absolute discretion, judge whether objectives set in one appraisal cycle should continue to be relevant in the subsequent appraisal cycle and such a judgement will be recorded in the Appraisal report.
- 5.9 On occasions during the appraisal cycle, usually as a result of unforeseen circumstances, it may be considered that an objective set at the start of the process is no longer appropriate or requires some adjustment. Either at the Interim Review stage or an additionally scheduled meeting, changes can be agreed to an objective and this should be recorded on the appraisal system.
- 5.10 Through moderation, objectives will be reviewed by the Principal and Academy Business Manager, for the appropriate academy staff, to ensure objectives are fair and challenging across the academy and assures the academy council and Executive Principal.
- 5.11 Through moderation, objectives will be reviewed by the Executive Principal and Chief Operations Officer, to ensure objectives are fair and challenging across the Trust and assures the Trustees.

6. Reviewing Performance

- 6.1 The assessment of a staff member's performance should be supported by evidence. Evidence should be sought and collected throughout the Appraisal Cycle and may include task and/or lesson observations, learning walks, talking to pupils about their learning experience, review of pupil assessment outcomes, internal tracking of pupils' attainment and progress, financial and/or other data assessment records, work sampling, lesson planning records, self-assessment, peer reviews and stakeholder feedback.
- 6.2 Both the Appraisee and the Appraiser are at liberty to present evidence during the Appraisal Meeting for discussion. In the interests of efficiency and to obtain the best possible value from the Appraisal Meeting, the Appraisee and Appraiser should seek to ensure that any evidence they seek to discuss and/or rely upon is presented at the Appraisal Meeting.

Teaching staff:

- 6.3 The Trust believes that observation of classroom practice and key responsibilities is important both to assess performance and identify any particular strengths and areas

for development a member of staff may have and for gaining useful information which can inform the Trust improvement more generally.

- 6.4 Teachers' performance will be regularly observed. The amount and type of classroom observation undertaken will be such as is necessary to make an accurate assessment of a teacher's performance and will therefore depend on the individual circumstances of the teacher and the overall needs of the Trust. Teachers (including the Principal) who have responsibilities outside the classroom should also expect to have their performance of those responsibilities observed and assessed.
- 6.5 Classroom observation will only be undertaken by those who have had adequate preparation and the appropriate professional skills to undertake observation and to provide constructive oral and written feedback and support in the context of professional dialogue between colleagues.
- 6.6 *Scheduled classroom observation:* The arrangements for scheduled classroom observation will be included in the appraisal documentation and will include the purpose of observation, any particular aspects of the teacher's performance which will be assessed, the duration of the observation, when during the appraisal cycle the observation will take place and who will conduct the observation.
- 6.7 *Unscheduled classroom observation:* The Principal and other leaders with responsibility for teaching standards may undertake unscheduled classroom observations ("drop-ins") for the purposes of monitoring teaching standards and assessing a teacher's performance.
- 6.8 *Agreed classroom observation:* In addition to scheduled and unscheduled classroom observation, a line manager may at any time during the Appraisal cycle agree with the employee that a classroom observation will be undertaken. It is envisaged that this may occur where:
- there has been a complaint or concern raised in respect of the teacher's performance;
 - the teacher is subject to their probationary period;
 - new teaching methodology or subject matter has been introduced; or
 - the teacher has sought assistance from their line manager.

In such circumstances, the date, time and purpose of the classroom observation will be confirmed in writing at least 5 days in advance of the observation taking place (unless the teacher chooses otherwise).

Support staff:

- 6.9 Members of Teaching and Learning support staff will also be involved in a work review/observation process in a format agreed as being appropriate to their role. (For example, a classroom observation of a Teaching Assistants contribution to a lesson). The number of observations will vary depending on the developmental objectives of the individual and will normally be decided through discussion with the individual.

Feedback:

- 6.10 Staff will receive constructive feedback on their performance as soon as practicable after observation has taken place or other evidence has come to light. Feedback will highlight particular areas of strength as well as any areas that need attention.
- 6.11 Where there are concerns about any aspects of the employee's performance the employee will be asked to attend a meeting at which:
- they will be given clear feedback about the nature and seriousness of the concerns and the opportunity to comment on and to discuss the concerns;
 - there will be discussion, with the aim of seeking to identify and agree what, if any support (e.g. coaching, mentoring, structured or peer observations), will be provided to help address the concerns;
 - it will be agreed when and how the employee's progress will be reviewed;
 - the employee will be made aware of the implications for them and the procedures that will apply should improvement not reasonably be achieved or sustained within the timeframes that have been agreed.

Following the meeting, the employee will receive written confirmation of the discussions held and the agreements reached during the meeting.

- 6.12 An employee who is requested to attend a meeting to discuss their performance may request that they are accompanied to the meeting by a work colleague. Such a request will be granted unless it is not reasonably practicable for the chosen colleague to attend.

7. Development and support

- 7.1 Appraisal is a developmental and supportive process which will be used to inform continuing professional and personal development and improvement. The Trust wishes to encourage a culture in which all staff take responsibility for improving their performance through appropriate professional and personal development. Professional development will be linked to improvement priorities and to the ongoing professional development needs and priorities of individuals and teams.
- 7.2 As such, an academy or trust Continuous Professional Development (CPD) programme will be informed by the development needs identified in the Appraisee's Appraisal Report.
- 7.3 The Academy Council will make appropriate but affordable resources available to support staff development arising from the appraisal process. The Principal will report, as required, to the full Academy Council each year on CPD activities.
- 7.4 Where CPD is identified as key to the improvement of an individual, they should not be held responsible for lack of progress against agreed priorities if the resources are not forthcoming/have not been provided.

8. Retention of Documents

Appraisal documentation will be retained and held securely in accordance with the Trust Data Protection Policy and will thereafter be destroyed.

9. Monitoring and Evaluation

9.1 The Principal and Academy Council will review the impact of appraisal for the academy. The Executive Principal, Chief Operations Officer and Trustees will review the impact of appraisal for the Executive Team.

9.2 The Principals will provide the Academy Council and the Trust with a written report on the operation of the Trust appraisal policy annually. The report will not contain any information which would enable any individual to be identified. The report should include:

- The operation of the appraisal policy;
- The effectiveness of the appraisal procedures;
- Staff training and development needs.

9.3 The Trust is committed to ensuring that the appraisal process is fair and non-discriminatory and the information below should be included in the Principal's report. The Principal should assess the impact of the process and of performance objectives to ensure that they do not represent possible grounds for unlawful discrimination in regard to any of the relevant protected characteristics under the Equality Act 2010, part-time work, fixed term contracts or trade union membership.

9.4 The Principal should, therefore, also report annually to the Academy Council and the Executive Principal, in a confidential section, appropriate details of:

- Any appeals or representations on an individual or collective basis on the grounds of alleged discrimination under any of the categories above in relation to appraisal.
- Cases, including the circumstances, where teachers have not made satisfactory progress towards objectives to the Pay Committee..
- Any instances where the training and development set out in the training and development annex of an appraisal has not been provided.
- Numbers who have fully achieved objectives.
- Number who have partially achieved objectives but with acceptable reasons.
- Number who have partially achieved objectives but with unacceptable reasons.
- Number who have not achieved their objectives.
- Number of those who have partially achieved objectives but with unacceptable reasons and those who have not achieved their objectives and/or fails to meet or to sustain Teachers' Standards who are due to progress within the unqualified pay range.
- Number of those who have partially achieved objectives but with

unacceptable reasons and those who have not achieved their objectives and/or met the teacher standards and/or fails to meet or to sustain Teachers' Standards who are due to progress:

- within the upper pay range;
- within the main or upper pay range, the lead practitioner range or the leadership range.

10. Policy Review

This policy is reviewed and amended annually. We will monitor the application and outcomes of this policy to ensure it is working effectively.
